To Whom It May Concern,

I am writing to highly recommend **Natacha Igihozo** for the position of **Hairdressing Trainer at the ISOMO camp**. As the Student Life Manager at Agahozo-Shalom Youth Village, I have closely observed Natacha's journey through the LEAP ,particularly in the hairdressing program, where she has consistently demonstrated talent, professionalism, and dedication.

Natacha is not only technically skilled in hairdressing but also possesses strong teaching and mentoring abilities. She has supported fellow learners and often took the initiative to help new students understand complex techniques. Her creativity, discipline, and strong work ethic have made her one of the standout trainees in our vocational program.

Beyond her technical ability, Natacha is mature, dependable, and highly respectful. She communicates effectively, listens actively, and adapts quickly to new environments and challenges. I am confident that she will excel as a trainer at ISOMO Academy and contribute meaningfully to the learning experiences of future students.

Natacha's passion for hairdressing and her desire to give back by sharing her skills with others make her an excellent candidate for this role. I fully support her application and am confident she will represent both ASYV and herself with excellence.

Please feel free to contact me if you require any further information.

Sincerely,

Schadrack Niyonzima
Student Life Manager
